Comments:

10/20/2004 - Sent letter closing exploration and small mine permits (E/021/037- Pangreen and S/021/035 - Highland Mist). Anasazi requested two extensions to post \$14,000 bond for the small mine and \$5,000 for the exploration. The last extension was granted until 10/1/2004. Since we have not received any further communication from you, DOGM closes both files. If you wish to renew the mining ventures, you will need to file new applications with this office and the BLM. We have also received notification from SITLA that the lease has been canceled. To obtain right-of-entry, the lease will also need to be renewed.

8/20/2004 - Sent letter removing suspension status. This project has never received final approval to date.

8/16/2004 - Permit fee received. Suspension removed.
